

# 2009 Golf Classic

**May 26, 2009**

**Lyman Orchards Golf Club**

**Gary Player Signature Course**

Our 10th Annual Golf Classic Tournament was held at Lyman Orchard Golf Club on the Gary Player Signature Course. This is a very challenging course and new to all of our teams this year.

This course is considered somewhat difficult, but low scores are still possible for the skilled player. Designed in 1994 by Gary Player, it is called "The Player Course." This outstanding course features the gorgeous rolling green hills of the Connecticut countryside, as well as the deciduous trees and classic white pines of the area. The Player course has the added appeal of meandering through the apple orchards, a truly unique feature for a golf course.
